Quarter mile—St. David, Manu Kina, Charlie, Lightning, Darkness and Emin Bey.

Mule race—Sweet William, Piholo, Oahu and Kickapoo.

There are two entries for the bicycle race but more are expected to enter this race on the Fourth.

"Club Mascots"

The Healanis were made joyful yesterday by what is considered a very lucky omen. A black pussy cat has taken up its abode in the club house and made friends with each of the members there assembled yesterday. A black cat coming of its own accord to a house is of course lucky but when it comes bearing a ribbon of the same shade as the colors of a rival club it is considered as a great good omen.

The cat was appropriately decorated with the blue and white of the Healanis and before the assembled members was christened "Way nuff" by the captain.

BANNER GRIND.

Spreckelsville plantation has captured from Ewa the record in the matter of grinding for one day. This was done not long since, the output for one day being 1624 tons. Their best for the week was 825 tons.

GOOD WATER ON KIHAI

Kihai plantation is all right. Artesian water has been struck on the higher lands of the company about two miles from the sea shore, and stockholders are wearing jubilant faces.

From W. J. Lowrie and others who arrived from Maui yesterday it is learned that the artesian strata was tapped at a depth of 220 feet, or twenty feet below sea level. Abundance of water is assured and the water is of the very best quality. J. S. McCandless, who is in charge of the well-boring operations at the plantation, was unable to give the exact capacity of this experimental well on Saturday as his steam pump was not in good order and the pump could not be run at full speed. However, a trial run of the pump at slow speed demonstrated a flow of 250,000 gallons in 24 hours, the water in the pipe being only lowered eight inches by the extraction of that volume of water. Mr. McCandless will have his pump in good order by today, and will make a thorough test which will demonstrate the full capacity of the new well. This will be done today, and Mr. McCandless will probably return tomorrow and make his report to the company.

With the success attending this experimental well, it would seem that the future of the Kihai plantation is placed beyond doubt, as it is only a question of boring as many wells as is required. Indeed, it is said, the McCandless Bros. have fully two years work ahead on this plantation alone for one of their well-boring plants, under contracts already entered into.

It is needless to say that the stock of this company is already on the upward bound, and predictions are freely made that Kihai will make as good a showing as Ewa and Oahu have done.

The yacht Marion, Capt. Lightfoot, was out for a sail yesterday. A large party including several ladies was aboard.

CABINET GRANTS CHARTER

Hilo & Kohala Railway's Petition Acted on Favorably Today.

Signing Will Take Place This Afternoon—A New Ditch for Spreckelsville—Peacock Retail Liquor License Matter.

The meeting of the Cabinet held this morning lasted until close upon 1 o'clock this afternoon. The principal item was the Hilo and Kohala Railway matter. After a very long discussion it was unanimously decided to grant the amended contract and charter as applied for recently. This will be signed this afternoon.

The privilege was granted Spreckelsville plantation of making another ditch, this to be higher up than the present one.

Another matter that occupied considerable of the time of the Cabinet was the petition of W. C. Peacock for a retail liquor license for Waikiki. This question has been before the President and Ministers for some time past. Although no decision was arrived at this forenoon, it is learned on the very best authority the Government favors the granting of such a license.

Several routine matters were discussed but no action taken.

ST. ANTHONY SCHOOL EXERCISES.

Wailuku, Maui, June 24.—The closing exercises of St. Anthony's school (Catholic) under the management of Brother Frank and his two assistants came off last Wednesday.

The pupils went through oral exercises in mathematics, algebra, book-keeping, sixth reader, grammar and composition very creditably. The building was crowded with parents of pupils and visitors, and all were highly pleased with what they saw and heard. The long program was well rendered.

The recitation by F. Sylva, a wee bit of a lad of seven summers, and entitled, "Old is Better Than New" was well delivered and the little chap received the well deserved plaudits of his hearers.

The program consisted of thirty-two numbers equally divided between members of the primary, intermediate and senior departments and were all well rendered. On the following day, Thursday, the closing of the exercises of girls' school under the Sisters were held in their own school building and it also drew a large number of the parents of the pupils. The exercises were likewise good and above the ordinary. Their singing was excellent especially the pronunciation of the little ones. The visitors were highly pleased with the exercises.

Stars Win Again.

The Artillery baseball team met with another defeat at the hands of the Star team Saturday afternoon, the score being 13 to 6. The soldiers played a very poor game from beginning to end. The score by innings is as follows:

1	2	3	4	5	6	7	8	9	
Star	2	3	1	2	1	0	0	2-13
Artillery	1	3	0	0	2	0	0	0-6

Their Silver Wedding.

There were a large number of friends present at the silver wedding anniversary of Mr. and Mrs. C. H. Kluegel at their home Saturday evening. Mr. and Mrs. J. P. Winne and Mrs. Taylor, mother of Mrs. Kluegel, assisted in receiving the guests. There were over two hundred people present. The presents were numerous and appropriate.

The frequent showers we are having now are called "apple showers" by the natives, because they hasten the ripening of the ohia, or mountain apples, the first of which for this season made their appearance in the market last week.

PREPARING FOR FOURTH

Great Work Being Done on Floats and Arches.

Committee Work Goes on Apace—Fireworks Will be of the Best—Literary Still Unsettled.

The numerous committees on the celebration for the Fourth of July are busily engaged, each endeavoring to excel the other in the success and attractiveness of its feature. The parade promises to be an event that will meet the expectations of all, and well worthy of the occasion. The parade committee has Col. Jones for its chairman and a triumph is assured under his able direction. Colonel Jones has announced that the committee offers prizes for the parade as follows:

Two official floats highly decorated will also figure in the parade.

Pollard and Arnold have the contract for the two triumphal arches and the official floats, as well as the decoration of public buildings and the decorations of the building in which the ball is to be held.

The triumphal arches will be elegant structures and are being gotten up in the most artistic and effective style.

One will call to mind Manila as it is approached from one direction, with the names of those generals who have made themselves famous in that connection emblazoned across the top. From the other direction this arch will represent Santiago de Cuba, here also will the names of famous soldiers be remembered.

The other triumphal arch will be symbolical of Hawaii nei; over the arch the shield of Columbia stands out together with that of Hawaii, and above these the standards of the two countries mingled their folds.

The official floats will also represent America and Hawaii; that of Hawaii being a large shell in which some appropriate grouping will artistically carry out the idea.

Major McCarthy has charge of the sports, the event of which will be a match game of baseball between the Stars and the Kame. Arrangements are also being made for a horse racing program.

A two mile dash between Sympathetic's Last, Amario and Garteline will probably be the chief event of the latter program.

Mr. Kennedy has charge of the fireworks, and it goes without saying that this department of the celebration could not be in more capable or experienced hands.

The following is a list of the ball committees.

On Hall—Col. John H. Soper, Captain J. F. Merry, Colonel Will E. Fisher and W. C. Achi.

Refreshments—J. A. Gilman, C. J. Falk and C. A. Graham.

HONOLULU BAR MEETING

Committee of Five Appointed to Draft Constitution and By-laws.

Judge Davison Called to the Chair—D. H. Case Elected Secretary—Resolution by Mr. Gear—Next Meeting Wednesday.

At a meeting of the members of the Bar of Honolulu in the Supreme Court chambers Saturday afternoon, there were present the following: Judge Davison, Mr. Case, Mr. Humphreys, Mr. Henshall, Col. Little, Mr. Cayless, Mr. Gear, Mr. Marx, Mr. Achi, Mr. Correa, Judge Wilcox, Mr. Davis, Mr. Andrews, Mr. Dole, Mr. Wilder, Judge Robertson, Mr. Chillingworth, Mr. Stewart, Mr. Cathcart, Mr. Parks, Mr. Vivas, Mr. Ballou, Mr. McClanahan, Mr. Wright, Mr. Hankey, Mr. Johnson, Mr. Clark, Mr. Berry.

Judge Davison was called to the chair and D. H. Case was elected secretary. At the request of the chair, Mr. Humphreys who with several other attorneys were active in the matter of calling the meeting, stated the object of the meeting as being the organization of a Bar Association.

Such Bar Association was for the promotion of good fellowship among members of the Bar, discussion of rules of practice, of pending legislation affecting the Bar and courts of the Islands and the discussion of such other matters as might properly be discussed by such an organization.

After discussion a committee of five members of the Bar was appointed to frame a constitution and by-laws to be submitted at a meeting to be held Wednesday afternoon at 4 o'clock in the Supreme Court chambers.

A resolution relating to the tenure of office of the Supreme and Circuit Judges was introduced by Mr. Gear but upon motion, it was agreed that a consideration of the same be held over until the next meeting.

Attorneys present say that the statement in the morning paper that a program had been arranged and that it was the intention to put it through at the meeting of the Bar Saturday, was made in the face of emphatic denials by the men present and is wholly false.

To Final Meeting Place.

The funeral of the late Joseph Tinker took place from St. Andrew's cathedral Sunday afternoon. Besides the members of the Sons of St. George and the Odd Fellows, to both of which societies Mr. Tinker belonged, there were a great many others present. The services were conducted by Rev. Alex. Mackintosh. "Jesus Lover of My Soul," and "Just As I Am" were sung by the choir of the Second Congregation. Wray Taylor presided at the organ. Interment took place in Nuuanu cemetery.

The funeral of the late Daniel McCorriston took place from the Catholic cathedral Sunday afternoon. The Knights of Pythias, of which deceased was a member, attended in a body. Besides these were many sorrowing friends, among whom were members of the Fire Department of which deceased was one of the oldest members. Interment took place in the Catholic cemetery.

Class of '96 Reunion.

There will be a reunion of the Class of '96 of Kamehameha School at that institution this evening at 8 o'clock. The members of the Alumni Association are cordially invited to attend. There are fourteen members of the Class of '96 but only three are at present in the city.

On To Manila, a complete history of the operations of Americans in Manila can be obtained at the BULLETIN office.

W. H. Hoogs has returned from a trip to Nabiku plantation.

Should this be impossible, the Rev. V. H. Kiteat will be in charge. The services at the church will begin at about 1 o'clock.

The Government will join in the state funeral which is to be almost identical with that of the Princess Kaiulani.

Notices of the lying in state are being put up on the street today for the information of the public.

Used a Sling Shot.

Officer Mokulehua was hit just beneath the eye by a piece of lead from a sling shot in the hands of a bartender at about 9:30 o'clock this morning. The wound is not at all bad. This is not the first time that the bartender in question has shot at and hit people with the sling shot. Not long ago officer Akakani, the burly Samoan, came very nearly breaking everything to pieces in the saloon on being struck by a leaden missile.

Nothing has yet been done with the bartender. He states that the thing was done by way of pastime. Captain Parker has the sling shot in his possession.

Plantation Fire.

The Kinau arriving Saturday night brought news of a fire at Honoumuli plantation Thursday evening last. The fire started in the boiler room of the mill. This as well as the engine room were destroyed. The damage otherwise was not great.
